

# WAT CBS...

## HYBRID HOUSE IN GB

In-town living - reduce your carbon foot print and walk to town! Energy star appliances, lighting, heating and hot water  
Zoned heating system  
Green siding and flooring  
No vinyl products.  
Passive solar  
Spring start - still time to choose colors

New "green" project in Great Barrington

We are building on spec starting in the spring - energy conservation is our goal! This eco-friendly home will feature high efficiency heating systems, low maintenance cement siding, bamboo flooring, high R windows & doors, energy star appliances and lighting. There is still time to choose colors and customize the design to fit your needs. This in-town home will be a steal in the low \$300's.... Call us at 413.274.6084 today to discuss available options.

## OUR CREW - KEN WOODARD

Ken is a longtime carpenter with almost 20 years of experience. He has been with CBS for almost 4 years and we're looking forward to many more. Ken's loving wife Deanna has just given birth to Caleb Lee, the couple's first child. Congratulations to Ken & family!

## WHAT WE DO.

Modular Homes | Stick Built | Design Build | Addition/Renovation | Landscaping Services
